

Barra Self Catering Accommodation 7th-14th June 2025

We have one large self catering house with 3 bedrooms, comprising of a 2 doubles and 1 twin. We suggest a max of 4 in the house but they can take up to 6

Each room costs £350 per week. This includes linen, towels, electricity & wifi (although this is very limited - not what would be expected on the mainland). Rooms will be allocated on first come first served basis but feel free to request anything specific and we'll try to accommodate that. This will be added to your booking through our online system.

The house is 3 miles from the main village of Castlebay and looks out over the minch to the east. A great spot for a seawatch (orca have been seen from here at this time of year). Ideally you will need a vehicle or bike to travel in and out each day, or be able to lift share with your other shipmates.
